Volunteer Transportation Services: Overcoming Barriers to Senior Mobility

A lack of mobility can have a negative impact on health and quality of life.
This is especially a concern for older adults.

More than one in five Americans age 65 and older do not drive.

Older non-drivers make:

- 15% fewer trips to the doctor;
- 59% fewer shopping trips and visits to restaurants; and
- 65% fewer trips for social, family and religious activities.

Join us for a discussion on how volunteer transportation services can increase senior mobility.
