RE: Request to Revise Fiscal Year (FY) 2024/25-2028/29 Transportation Improvement Program (TIP)

Dear Mr. Kordek:

Florida Department of Transportation requests Polk TPO revise the FY 2024/25-2028/29 TIP to reflect project changes as described below.

As part of the Moving Florida Forward initiative, projects along the I-4 Corridor continue to be accelerated. As a result, two projects that are priorities for the program are moving forward in production and will require action in the TIP document.

Project #201210-8 from East of US 27 to West of SR 429 will add lanes/capacity to this segment of I-4. Since the project crosses the Polk/Osceola County line and the boundaries of FDOT Districts One and Five, the project is added to the TIP and requires an **amendment**.

Project #431456-6 from West of SR 429 to East of World Drive will add lanes/capacity to this segment of I-4. The project is added to the TIP as informational since it is a regionally significant project and directly adjacent to the project described above. The reason for including this project in Polk TPO's TIP is to achieve planning consistency and demonstrate regional coordination for both projects. This project can be added to the TIP using the **modification** process.

Please use the information below to revise the TIP accordingly:
